ABOUT US

International School of Photonics, established in 1995, has been conducting the Annual Photonics Workshop, a national event which brings together leading scientists, academicians, industrialists and young researchers in the country for active discussions and fruitful interactions on various aspects of Photonics, for the last several years. This annual event was conducted in the form of the National Photonics Symposium (NPS) from 2017 onwards.

The aim of NPS is to enlighten budding scientists to find newer directions for research through active discussions and collaborative research. We hope to provide the best platform for all participants to exchange the latest and advanced research with other specialists and scholars in the field by bringing in the best scientists in India and abroad to deliver invited lectures and plenary talks apart from contributed papers. On 28th February, there will be a special session to celebrate National Science Day.

AREAS OF INTEREST

Nanophotonics | Plasmonics | Metamaterials | Biophotonics | Nonlinear Optics and Laser Technology | Quantum Optics and Quantum Computing | Optical Fibre based devices | Optoelectronic devices | Materials for Photonics/Optoelectronics | Laser Induced Plasma | Ultrafast laser-matter interactions | Laser assisted fabrication Techniques | Laser assisted non-destructive testing | THz Science and Technology | Laser Speckle metrology

DEEP WITHIN GOD'S OWN COUNTRY

The queen of Arabian Sea have always been a hot topic among travelers ever since time immemorial. Ever since Vasco Da Gama opened up the sea routes towards India, Kochi has had its name written in the souls of visitors as a safe haven filled with food, culture and music.

Often described as the soulful harmony of modernity and heritage, Kochi boasts of its rich culture, cuisine and diversity. Its no wonder as to why it has secured a spot among the world tourism industry.

Do not miss this golden opportunity to experience Kochi in all its glory!
